

COYOTE VALLEY SPECIFIC PLAN (CVSP) WATER SUPPLY EVALUTATION FLOWCHART

REV 3/13/07

SB610

State Law requires water supply assessments (WSA) for (large development) projects

City requests WSAs from potential Coyote Valley (CV) retailers

Coordinate review of WSAs with SCVWD

City prepared a Draft Water Supply Evaluation (WSE) based on retailer Water Supply Assessments and other record information

SCVWD Board of Directors

City's WSE reviewed by SCVWD Staff

City revises CVSP WSE based on SCVWD Staff input

* SCVWD Board of Directors finds that the CVSP WSE is consistent with the SCVWD Policies (see letter dated 3/13/07)

San Jose City Council

* City Council accepts the conclusions of the Draft CVSP WSE that there are sufficient existing and projected water supply options for the build-out of CV based on substantial evidence for inclusion in the Draft CVSP EIR (3/13/07)

* Acceptance of the CVSP Draft Water Supply Evaluation does not constitute approval of the CVSP or adopt any particular water supply option and is only intended to validate that the analysis prepared is complete and conforms to jurisdictional goals and policies and sufficient to serve as the basis for analysis in the CVSP Draft EIR regarding water supply.

CVSP Draft EIR

The CVSP Draft EIR analyzes environmental impacts of water supply options, including the construction of public infrastructure necessary to supply CV with potable & non-potable water

The City circulates the Draft EIR for public review & comment on environmental related impacts including water supply & those associated with new water delivery infrastructure

SCVWD reviews and comments on the Draft EIR including water supply impacts/mitigation

The City responds to comments on the Draft EIR and makes revisions prior to City Council consideration of the CVSP

Developers confirm w/retailer of water availability and water retailers are identified to serve the CVSP area (SB221)

CVSP Public Hearing

The City of San Jose Planning Commission Certifies the adequacy of the CVSP Final EIR and makes recommendations to the City Council on the proposed CVSP

Appeal of Final EIR certification

City Council takes action on the Final EIR certification appeal (if needed)

City Council to certify the EIR & make findings regarding the CVSP WSE

City Council adopts the CVSP and associated General Plan Amendments

Additional Project Level EIR for construction of private/public infrastructure

Developer's file for development permits and subdivision maps
